

# Extending School Wellness

Uneo Health is a Maryland-based software company with a mission to connect consumers' wellness journeys with the support and services they need to thrive.

## Who We Help:

School counselors in K-12 schools, school systems, colleges, and other institutions focused on student wellness and prevention.

## How We Help:

In-person engagement and education coupled with teen-friendly technology offers powerful opportunities to support student wellness. As a MTSS Tier 1 solution, the Prosper platform offers evidence-based activities and tools to build students' Social Emotional Learning (SEL) skills and connect them with localized support resources.

## How Prosper Supports Your Team:

- ✔ **Scalable, School-wide Solution:** Digital resources and activities help extend the work of school wellness teams, addressing issues such as stress, anxiety, and social challenges.
- ✔ **Automated Check-ins:** Automated wellness check-ins regularly promote student wellness and reduce the need for in-person visits. This allows counselors to dedicate more time to direct student support.

## Your School System Gets:

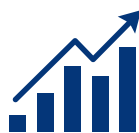

**Discoverable  
Resources**

**Personalization**

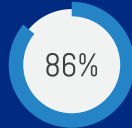

**SEL Tools &  
Activities**

**Insights**

## Prosper Highlights:

-  **Over 86% of users report maintaining or improving mental health**
-  **Over 100,000 wellness check-ins to-date with a 4.8 out of 5.0 on Apple**
-  **Available in all 50 states in both English and Spanish**
-  **Currently used by school systems, clinics, and other non-profits across the Mid-Atlantic including Johns Hopkins**
